雷尼爾南大街 (Rainier Ave S) 沿線的護土牆施工工程即將開始！

Rainier Ave S Hazard Mitigation Retaining wall construction along Rainier Ave S starting soon!

CONSTRUCTION NOTICE

Rainier Ave S Hazard Mitigation

PROJECT OVERVIEW

We're working to address the long-standing surface slides along segments of Rainier Ave S from S Carver St to the south City limits near S Ryan St that over the years have encroached onto the sidewalk and in some cases into the bike and vehicle lane.

Starting in early 2020, and continuing through early fall, we will construct retaining walls at the locations outlined within the map below. Crews may complete preliminary work in December 2019.

Example retaining wall on Rainier Ave S at S Perry St

WHAT TO EXPECT DURING CONSTRUCTION

We will minimize construction impacts as much as possible.

During construction, please expect:

- Typical weekday work hours of 7 AM–5 PM, Monday through Friday
- Some vehicle and/or center turn lane restrictions on Rainier Ave S
- Detours around the work area for people walking and biking
- Noise, dust, and vibrations during work hours
