Monthly Topics:

2. Nine Minimum Controls: CSO NPDES Permit Compliance – Julie Howell, SPU staff

- See PowerPoint, map and handout
- King County runs the pre-treatment program,
- SPU works with King County; local impacts can be identified quickly
- Fats, Oils, Grease Program – impacts local sewer pipes, fat mixes with the calcium in wastewater and turns into a hard soap
- Solids and floatables –
- Public Notification Website: www.kingcounty.gov/csostatus
- Every CSO outfall has a sign posted with the website
- Doing what you can with minimal investment and operational things to reduce the impacts
- Capital
- Public education and messaging
- Trash in the toilet

3. DWW Division Update – Tim Croll, Interim DWW Director

- Audit of stormwater npdes permit, ecology and epa reviewed documents and had site visits
- Report will be out in 6 months – but said we are doing very well.
- CSO projects deep in construction – sand point – windermere – concrete in the ground
- Geneses underway
- Design going on a couple more
- Long term plan for what's coming up regarding the CSO plan – long term control plan

- Integrated plan – looking at things we can do to clean up stormwater instead of cso's for now. Pushing the cso projects off a couple decades while we do the stormwater projects – better water quality
- Both long term control plan and integrated plan are estimated to be published in May
- SBP: documenting baseline – what do we have TO spend to keep up our basic level of service, legal obligations, - both for operating and capital budget
- SBP then prioritize the baseline information
- Then look for efficiencies

4. Strategic Business Plan – Noel Miller, Co-chair

- Presentation of CAC feedback on Tuesday at the customer review panel
- See powerpoint and handouts
- Overview of process, where CRP is at, outreach in the fall

5. Advisory Committee Updates – Sheryl Shapiro, Policy Liaison
